Travel Advisories

• Due to the recent bombing in Boston, all F-1 visa holders will have their visa checked for validity at the port of entry. We have been advised that you can expect delays in processing, and should keep this in mind when scheduling connecting flights within the US.

• Form I-94 goes electronic! The small white card that is stapled in your passport every time you enter the US is now electronic at most airports. Immigration officials will view this information online upon your arrival to the US. You will be able to print out a copy of the electronic form by visiting this website: www.cbp.gov/I94

• If you are planning to leave the U.S. this summer, you must get your SEVIS I-20 form signed before you leave. Please visit our office before final exams begin on May 20th to obtain the required signature.

The newsletter will return in September.
Have a great summer!
